

Design Phase-II Data Flow Diagram Issue Tracker

Date	2 May 2023
Team ID	NM2023TMID01436
Project Name	The Issue Tracker: A Reliable Complaint Management System For Improved Customer Service.

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

Example: The Issue Tracker: A Reliable Complaint Management System For Improved Customer Service.
